

Sponsor a child in La Limonada

Breaking cycles of poverty and violence.

Lemonade International seeks to break the cycles of poverty, violence, and injustice in La Limonada through gospel-centered education and gang prevention.

Sponsoring a child has holistic impact.

Students grow *physically* as they are fed, taught proper hygiene, and given vitamins; *intellectually* as they are educated; *socially* as they play with their friends; and *spiritually* as they are loved, valued, and taught the way of Jesus.

Change happens through relationship. Build one!

You will receive a photo and story. We encourage you to write and build a relationship with the child and their family. You're welcome to visit anytime.

It's simple. Go online and choose a child to sponsor today.
